Tim
Glad we had a chance to talk and appreciate your advice.
Could you please put me on the selectmen's agenda for January 10th. As I said on the phone, I want to ask them for a letter to Mass Fish and Wildlife asking them to establish an additional 2 week shotgun hunting season for deer in January on Martha's Vineyard.

I have a conservation commission meeting in Oak Bluffs at 4:15 that day, so if I could be placed further down the agenda I would appreciate it.

Thanks for your help
