

December 15, 1966

Only three were present at the Planning Board Meeting on December 15th., Byron Butterfield, Charles Gilmore and Harold Grant.

Charles Gilmore reported that the asking price on the 39 acres owned by Bryer on Pleasant Street was about \$1,000.00 an acre.

There was further discussion on the Hilton road situation. Byron said he would compose a letter to Roger Hilton about this matter, making suggestions that Roger direct a letter to the Town requesting what steps he should take to secure acceptance of the roads, so that they could be voted on at the next Town Meeting.

Dec. 20, 1966

Dear Mildred,

Only 3 were present at the Planning Board Meeting Dec. 15th; Charles Gilmore, Byron Butterfield and myself. Chas. Gilmore reported that the asking price on the 39 acres owned by Bryer on Pleasant St. was about \$1,000 an acre.

There was further discussion on the Hilton road situation. Byron said he would compose a letter to Roger Hilton about this matter, making suggestions that Roger direct a letter to the Town requesting what steps he should take to secure acceptance of the roads, so that they could be voted on at the next Town Meeting. ~~Byron will~~

— " — " — " — "
For your information since the meeting Byron, Humphrey, and myself went over the Hilton land, and made measurements of the width of the roads, which have a right of way of 30ft. My own impression of the developments was very good, and if the roads are in good shape the Town should accept them. There are several questions that Hilton will have to answer on the right-of-way deal with Cole, and if

they are in order, hopefully with one exception
This whole matter could be settled soon.

This was a trial meeting. Sorry more
were unable to attend. This is a bad month
for meetings of all kinds.

Hope you have a Merry Christmas.

Sincerely,

Harold Platt
