

November 21, 1968

The Planning Board met at the Selectmen's office on the above date with Byron Butterfield, Harold Grant, Stanley Tenney, Robert Flanders and Mildred Dudley present.

It was suggested by Byron that we ask our Attorney, Mr. Hatfield to be present at our next meeting to clarify some of the regulations in the Sub-Division Plan which we are in doubt about.

Selectmen were advised that the appointment for Mildred Dudley as Secretary had not yet been authorized.

It was suggested that Planning Board look into sub-division at Whitney place, also check on trailer situation.

The dump situation (which is ever before us) was mentioned. No site has yet been decided upon. Stanley Tenney will go out to Elmer Merrills' and look this land over again re: a trench. This site should last at least 20 years if we are able to have it.

Meeting adjourned at 9:10 P. M.

Mildred N. Dudley
Secretary
