

July 28, 1976

A meeting of the Planning Board was held on the above date with Charles Gilmore, Chairman, Patricia Novak, William Abbott and Eric Tenney present.

Mr. Sylvia representing Norman Cole presented a subdivision located on Reed Carr Road, Anttrim regarding which we had requested the State to submit a revised subdivision approval. Mr. Sylvia's verbal statement regarding this fact was accepted and the subdivision was approved by the Board.

A letter addressed to the Selectmen from O'Neil's Realty, requesting a hearing by the Board of Adjustment to have 22 acres on Route #9 zoned to commercial status, was turned over to the Planning Board.

A letter from the Board will be sent requesting Mr. O'Neil to be present on August 25 bringing site plans showing exact location and all other pertinent information .

Mr. Abbott reported that a request had been made at a Conservation Committee meeting to turn over a small peice of land on Gregg Lake, (16 acres approximately) to the Committee, thus the land will be preserved, as they will not be allowed to sell.

Charles Gilmore feels he should resign as Chairman of the Board because of extra responsibilities involvied while undertaking a new job, and will ask Peter Merrifield to serve as our new Chairman, if willing. Charles will still remain on the Board as a member, for which we are glad.

Meeting adjourned at 9:05 P. M.

Medina Dudley
Secretary
