

November 17, 1976

" Special Work Meeting"

Our work meeting was called to order at 7:30 P. M., by Peter Merrifield, Chairman. Absent were Eric Tenney, Robert Edwards and William Abbott.

Discussion was immediately entered into on the various admendments for the "Proposed Zoning Ordinance."

No. 1 Permitted uses:- It was decided to delete the word "solely".

No. 5 Permitted uses-Business District, Decision to have this read- a fence of sufficient size and height and of appropriate material to obstruct from public view vehicles and machinery in area at the rear of the side of the building. Omit "main ly" under article V.

Mr. Attridge came in to have a plan of E. H. Edwards approved for recording purposes. As we did not have a quorum we asked him to return at our next regular meeting on November 24. At his request we locked the plans in our filing cabinet.

Signs:- This admendment resulted in a very long and drawn out discussion with no decision reached . We will take this up at our next meeting on the 24th.

Meeting adjourned at 10:15 P. M.

*Merrifield
Secretary*
