

Be it resolved that:

The Antrim Planning Board wishes to acknowledge the many years of service William Abbott has dedicated to the Board and the community.

It has been with his valuable assistance the present Zoning Ordinance came into being and just recently amended. The Subdivision Regulations were likewise altered under his guidance, to name but a few.

Aside from serving as a member of the Board he has acted as its Chairman. At all times however, it was his prime concern to protect and promote Antrim.

We can only say "thank you" for your part on the Planning Board with our very best wishes for the future.

Your efforts and enthusiasm will be a guide for all of us.
