

Special Meeting
Jan. 16, 1979

An on sight inspection takes place at about 9:15 with the following members present: Edwards, Thomas, Deane, Godwin and Merrifield.

The group inspects Birchwood Properties Inc. with permission from Attorney Howard, who represents the agent Mr. Koson.

The group noted the water that had been mentioned and also discovered a good size test pit.

It was generally agreed that this was an excellent procedure, in order to be familiar with the land in question.

Respectively Submitted
Peter Merrifield
Sec.
