Subdivision on C & E Construction Co., Inc.

m Mr. Larry Williams presented a preliminary plan for a subdivision on the corner of Matheson Road and Goodell Road. Mr. Williams was asking for a subdivision on two 2plus acre lots. He was asking for a town road and to be hooked up the town water. The Board instructed Mr. Williams should have a private road and it should be of asphalt or tar. Mr. Williams said it was not feasible for him at this time. The Board felt very strongly about the asphalt road in concern for working on improving our roads in Antrim.
