Chairman Rowehl called the meeting to order at 7:05 PM.

The purpose of this work session was to review the Conservation and Preservation Plan section of the Master Plan in preparation for a public hearing. After reviewing the document some minor changes were made in wording. No substantial changes were made in the context of the text. There were no definitions for the "White Cedar Swamp/Lovern Mill" and "Meadow Marsh" areas in the section for Trails and Protected Lands. The Secretary was asked to look into the matter to see if he could find some description to pass on to Ms. Olgivie to incorporate into the plan.

The Board also reviewed the section on Historical and Cultural Features. Only minor changes were made in some wording.

Mr. Rowehl had proof read the previous sections of the Master Plan and had a number of minor corrections in wording and spelling. He will meet with Ms. Olgivie to incorporate the corrections into the master document.

It was agreed that the Board would hold a public hearing on February 13, 2001 on this final section of the Master Plan.

Mr. Rowehl adjourned the meeting at 8:15 PM

Respectfully submitted,

Paul L. Vasques, Secretary
Antrim Planning Board
