

INITIAL APPLICATION FOR CURRENT USE ASSESSMENT

*Map of Property is Necessary

4/A
16/10

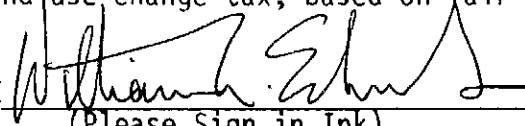

In accordance with the provisions of Chapter 372, State of New Hampshire Laws of 1973, RSA 79:1, I hereby make application to the assessing officials of the city/town of ANTRIM, New Hampshire for current land use assessment for the tax year 1980, on the following:

Type of Land	No. of Acres	Present Deed Recording Volume & Page No.	* Map Attached	20% Recreation Adjustment
FARM LAND:				
Horticultural Crops				
Forage Crops				
Permanent Pasture				
FOREST LAND:				
White Pine type	16.4	1st described tract BK 2418 Pge 672	yes	yes
Hardwood types: a. b.				
Spruce-Fir and all other types				
WILD LAND:				
Unproductive				
Productive --				
Unmgd. For. & Farm				
Productive --				
Inactive Farm				
Natural Preserve				
RECREATION LAND				
WETLAND				
FLOOD PLAIN		MUST QUALIFY UNDER ONE OF THE ABOVE CATEGORIES		

I/we certify that the land indicated above qualifies for current use assessment under the criteria established and that all requirements of the criteria will continue to be performed as required.

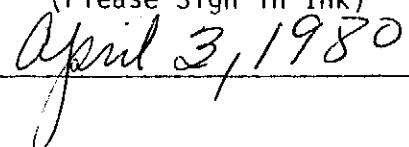

I/we do firmly understand that, under current use, should the use of the above described land be changed to a non-qualifying use, that the owner of record at the time of the change in use is liable for the 10% land use change tax, based on fair market values at the time of the change.

SUPPLEMENT TO APPLICATION FOR CURRENT USE ASSESSMENT

Property of

WILLIAM L. EDWARDS

Located in

ANTRIM, NEW HAMPSHIRE

Report of Performance and Planned Forest Management Projects

Historical Record

The Hilton Lot (16.4 acres) and Cilley Lot (48.9 acres) have been examined by Foresters of the New England Forestry Foundation to determine the advisability of timber sales, assess the need for timber stand improvement, and make recommendations to upgrade timber quality and improve stocking.

Projects Completed

1. Hilton Lot, August, 1975. Boundary survey with map for former owners.
Work done by New England Forestry Foundation.
2. Hilton Lot, January, 1976. Selective harvest of white pine and other species, volume of 136,000 board feet. All cutting on a marked tree basis and supervised by New England Forestry Foundation Foresters.
3. Hilton Lot, April, 1979. Woodland examination to check regeneration after harvest cut and assess need for timber stand improvement.
4. Cilley Lot, July, 1975. Boundary survey with map for former owners.
5. Cilley Lot, April, 1979. Woodland examination to determine the advisability of a timber sale, observe general condition of woodland, and

Main Office: One Court Street
BOSTON, MASSACHUSETTS • 02108
Telephone: (617) 742-3308

recommend areas for timber stand improvement.

6. Cilley Lot, Summer, 1979.

- a. 78,760 board feet selectively marked and sold (presently under contract), cutting to include fuelwood from tops.
- b. weeding and thinning, pruning--15 acres--done under the Forestry Incentives Program of the Federal Government.

Projects Planned

1. Hilton Lot - weeding and thinning of the hardwood regeneration when stems reach 15 to 20 feet in height.
2. Hilton Lot - final harvest cutting of mature white pine when regeneration is 15 to 20 feet tall and market conditions are favorable.
3. Cilley Lot - cordwood cutting in hardwood timber when reliable operators become established.

The foregoing commitments are presented as bona-fide evidence of intent and forestry use under the provisions of Chapter 372, State of New Hampshire Laws, RSA 79:A.

Respectfully submitted,

Dennis D McKenney

Cilley application.*

1980 CURRENT USE ASSESSMENT

Section 2, subparagraph d. c.

Recreational Use: If "forest land" is open to public recreational use or public access without entrance fee as defined under Criteria for Recreation Land, the above assessment rates shall be reduced 20% as follows:

Range/acre \$20-36.

Section D. Recreation Land

1. Criteria

- a. A tract of land at least ten (10) contiguous acres open to public recreational use without entrance fee and which also qualifies for current use assessment under other "open space" land categories;

The within submitted tract is open to public recreational use without entrance fee and qualifies for current use assessment under the forest land category.

The tract is in fact used by hunters, snowmobilers, walkers and beer drinkers, among others. In fact it is so open it is and may be used for any public recreational use which does not interfere with its forest use and ecological state.
