Bob Flanders spoke to the selectmen in regard to the vote of the town at town meeting to spend the Revenue Sharing money on the Gregg Lake Dam and not on the road repairs. A petition by the people was submitted to the selectmen. After discussion by the selectmen, it was voted by K. Ring, John Jones to spend the money as the town people voted, and Les MacNeil, voted against not spending the money on the road repairs. It is understood by the selectmen that the roads are in need of repair and that the Road agent did not include repairs in his budget since the revenue sharing was put in the warrant articles.

At first it was thought that no special town meeting would be necessary, but there are still questions on the elderly housing that need answers and therefore there will still be a special town meeting.
