

Selectmen's Meeting, Monday, October 26, 1992

Present: Phil Dwight, Chairman, Dave Boule', Mike Oldershaw, Betty Shaw, Secretary.

Meeting called to order at 7:00 PM.

Jean Uebel was interviewed for an appointment to the Parks and Recreation Committee. Jean helped with Antrim Days and thereby became interested in the Committee. Mike moved to appoint Jean as a member to the Parks and Recreation Committee. Second Dave. All in favor. So moved. Her term of office will be for three years.

Ray Clark, owner of property on Smith Road, asked if he would be allowed to remove one trailer from the top of the hill on his property and have a modular home put in its place. The trailer would then be moved to the bottom of the hill near a second trailer which would then be removed and disposed of. Since this is a non conforming situation, (trailers, number of dwellings etc.), the change he wants to make will require the proper approval from the ZBA.

Mike moved to use the previous assessment on the Breezy Point Condos. Second Dave. So moved.

The opening of ART, (Antrim's Recycling/Transfer Station), was discussed. It was decided that a small ceremony will take place on Wednesday, November 4th at 2:00 PM. Refreshments will be served to all attending. The Selectmen are proud of the facility which was established without any Federal Funds.

Selectmen approved having the lunch meal at the Coffee Shop on Election Day and bringing in cold cuts for the evening meal.

Dave moved to appoint Dick Winslow as an alternate member of the ZBA. Second Mike. All in favor. So moved.

Brian Hennessey on Pleasant St. had voiced a complaint to one of the selectmen about a culvert which freezes during the winter. Highway crew dump salt to free the culvert up. Mr. Hennessey would like something else done to eliminate the problem. Dave mentioned the highway department having made repairs at this location just a few weeks ago. He will check with road agent to see if he expects the repairs to eliminate the problem.

Mike moved to accept the minutes of Nov. 19th as written. Second Dave. All in favor. So moved.

Budget hearing will be scheduled starting November 16th.

Mike suggested looking into the feasibility of having a central purchasing location for Towns. Buying in bulk may help reduce the cost. Many items purchased by the Town, such as tires are

purchased through the State who buy in bulk lowering the cost to
Municipalities.

Selectmen signed the abatements approved at a previous meeting.

Meeting adjourned 8:50
