

Minutes of the Board  
of Selectmen's Meeting  
Monday  
September 25, 1995

Present: Tom Davis, Peter Moore, Phil Dwight and Brian Brown and Tom Farnum.

The meeting opened at 7 P.M. with Brian Brown and a discussion of the school crossing at West Street and School Street. It was finally agreed that a school crossing cone be purchased and placed at the intersection and there be an occasional police presence to be sure the speed limit was being obeyed. Brian will check to see who could put out the cone each day.

Tom Farnum spoke to the Selectmen about the bond posted by the Girl Scouts for their share of the bridge/road construction on Gregg Lake Road. The Scouts requested that, as the project had been delayed, that the bond be released and be reposted next year. After discussion the selectmen voted not to grant their request.

The minutes of the September 11th meeting were approved.

The selectmen authorized Phil to write to the engineering firms, whose names had been supplied by Harvey Goodwin, to see if any were interested in bidding on the Gregg Lake Road project.

Phil reported on his discussion with Larry Ross on establishing an E.D.A. A new corrected warrant article will be put forward next March.

The request from Mr. Forester about the NO SALT ZONE in front of his house was discussed. Phil was to speak with Bob Varnum about this.

Tom outlined the problems and or cost in obtaining a Wetlands Permit to restore the fire pond in Clinton Village. Peter agreed to check with the fire department about other ways to handle the situation.

A discussion on renaming Gregg Lake Drive was put off to the next meeting.

The Selectmen approved a payment schedule for overdue taxes on Map 1A Lot 733.

It was agreed that Department Heads would be asked to turn in their preliminary budgets by October 29 and also a 5 year Capital Budget Plan.

September 25, 1995

Phil reported on his meeting with the Town's Attorney concerning the Landfill Agreement with Bennington. He will submit another version of the agreement at the next meeting.

Bob Varnum will be requested to work with the Bennington Road Agent doing some final grader work on the Water Connection project.

Phil is to write to Department Heads reminding them that the Personnel Policy states that vacation day carryovers are not allowed.

As bids were last secured on cleaning town hall three years ago, the contract should be rebid this fall effective January 1, 1996.

Phil was asked to obtain samples of building codes in neighboring Towns.

The meeting adjourned at 9:00 p.m.

Respectfully submitted, Philip T. Dwight
