Sam Harding and Celeste Lunetta met with the Selectmen to review their budget and discuss their plans for 2003. Celeste informed the Selectmen that there hasn't been a very good response to the Waterfront Director position. They are considering dropping the requirement to be WSI certified in an attempt to get more of a response. Lifeguard positions have had a good response, no problems anticipated.

The Selectmen reappointed Janet McEwen and Rick Woods to another two-year term

Sam has been in contact with Pro Fencing and they will be meeting with a Rec member on Tuesday to get an estimate to have the broken fence in Memorial Park repaired. The skateboard equipment is due to arrive shortly and will be placed on half of the basketball court.

Sam also expressed concern about the safety of the electrical box in Memorial Park. He indicated that on several occasions kids have been climbing on it. A call will be placed to Tony Burke for his recommendation.

It was noted that the school district will be maintaining the fields at the school this summer, the mowing will be done every two weeks. Sam also stated that the school district would like to use their custodial staff for summer maintenance. The school district and Parks & Rec have been utilizing an incident report form for tracking necessary repairs or damages, so far this is working out.

Baseball is going well. Bennington has offered us use of their field behind Harris's Store which really helps us out since we are lacking fields.

Sam inquired as to whom should pursue potential pieces of land for future athletic fields. The Selectmen suggested bringing it up at the May 12<sup>th</sup> Committee meeting.

Parks and Rec have purchased a portable scoreboard for use in the gym. They did contact Pepsi and Coca-Cola to see if arrangements could be made. They apparently had steep conditions, one being a vending machine in the school, which was not well received by the Principal.

This meeting will be scheduled in the beginning of June.

The Selectmen adjourned at 8:25 p.m. to attend a meeting with the Hancock Selectmen.

The Hancock Selectmen informed the Antrim Selectmen that Mr. Tamposi who owns 200 +/- acres in Antrim, has purchased a right of way through land in Hancock to access his Antrim land. At this point neither town is aware of any potential development, but both agreed to keep one another informed.
