1. The meeting convened at 6:30 p.m. with the following members present: Glenn Hathaway, Scott Sibley, Patrick Durkee, Tom Flanagan and Jim Garreffi of NABOH.
2. Agenda approved with addition of David Murphy at 8:00 p.m.
3. The minutes of April 3, 2006 were approved.
4. Septic Permits:
 - Joseph Livergood – 93 Platts Road
 - David/Denise Bolduc – 219 Ashby Road
 - June Anne O'Donovan – 12 Hunter Avenue
 - Suzanne Martin – 91 Holt Road
5. Requests for portable toilets from Nashua Valley Boy Scouts and Ashburnham Little League were approved as requested.
6. Correspondence reviewed (see agenda).
7. 7:00 p.m. – MRPC update. 5 cases to date on Phase III.
 - Dennis/Kathy Theriault approved – 50 Cashman Hill Road
 - Michael/Joanne Catlin approved – re: 43 Lincoln Avenue
8. 7:15 p.m. – Wayne & Terry Adams –

Wayne asked for permission to record notes on cassette. Discussion on topic. Taping voted on and approved. See letter in notes.

Adams gave us letter requesting water supply certificate copy of coliform bacteria test for water supply, and all water, well and any records regarding water supply well of 57 Fitchburg Road (see letter dated April 28, 2006). Jim requested to review water supply certificate information. Jim is reviewing information. Terri states that when she has requested information, it takes several months to receive only information and it's usually picked up over taking out information she's looking for.

Terri said that a water certificate is required to occupy a house. She requested that certificate. Terri stated there is no occupancy permit on their residence. Requested that be found in Town record if there is one.

Jim read from the States Dept. of Public Health letter dated April 5, 2006 regarding the Adams issues. Wayne stated that the report is wrong and will argue it in law that he can disprove their statements.

The Adams asked us if we cannot find the documents that they requested, that they be notified. Adams asked if he notified the Board of any 21E reports on 57 Fitchburg Road. He stated that any reports would go through the agenda to the Board for their correspondence review.
9. 7:55 p.m. – David Favreau – 49 Lakeshore Drive

Request for verification of testing that DEP required in October 2001 (roughly) for the septic system was also a request by Terri.

Requesting a letter to DEP requesting permit for tight tank. Jim Garreffi has no issues.
Board approves letter of support to DEP.

10. 8:00 p.m. – Whitman & Bingham
Jack Malone represented W&B. Title 5 variance for 227 Russell Hill Road, Section 15.104 percolation test permit. Signed and approved.
11. 8:05 p.m. – David Murphy
Dropping off performance agreement in regards to septic system installation at Naukeag Hospital. *see attached copy. Discussion of oil contamination that was found in soil. David said testing has been conducted. No results yet but should be received within a few days.
Glenn will call Town Counsel and confirm everything is in order. Will then call us to go down and sign agreement.
12. Josh Swerling of Bohler Engineering, P.C. – 39 Watatic Pond Road.
Regarding tight tank. Requesting a letter to DEP requesting permit for tight tank. Jim has no issues. Best solution. Board voted and approved letter of support to DEP.
13. Discussion on topics with members.
14. Meeting adjourned at 8:45 p.m.

Respectfully submitted,
Patrick Durkee
Acting Secretary
