Variance: one foot reduction to groundwater
See letter Deline Engineering, Nov. 25, 2016
Unanimously approved

6. Appointments

216 Lake Road, Naukeag Hospital-septic upgrade
Review letter dated Dec. 19th from Dan Murphy
Dan Murphy asked Jamie from James Whitman and Bingham to come to the meeting in his stead. Mr. Murphy had until December 5th 2016 to begin the installation of several tight tanks at the Naukeag site. Because of a delay in making the tank Mr. Murphy was not able to meet the deadline. Jamie assured the board that the tank is paid for and could possibly be finished by Dec. 19th. Because of the holidays a delay was possible until Jan. 13 2017. Some board members were upset by yet another delay, a seeming tactic of Mr. Murphy. But the phrase "have we ever been this close" won out and Mr. Murphy was granted until Jan. 13th to have the tank instaleed.

7. Board reviewed correspondence.

The ABOH Dec5, 2016 meeting adjourned at 7:55 PM.

Respectfully submitted,
Thomas Flanagan
Acting Secretary, ABOH
