Request For Determination, 104 West Shore Dr., (Map 45. Parcel 15). Jane Rose Gregoire applicant. The applicant would like to upgrade a septic system located within the Buffer Zone for Sunset Lake. Paul Grasewicz (Graz Eng.) represented the applicant.

A concern was noted for the relocation of a storm-water drainage line. The new discharge point is located upslope of a small stone wall that could result in the discharge water being directed onto the abutting property. Hay-bales and stone will be used to prevent erosion in case of a heavy rain. New drainage will be on surface. The old unused drain pipe will be crushed.
