

ASHBURNHAM ENERGY COMMITTEE
WEDNESDAY, JANUARY 20, 2016
FIELD TRIP

MINUTES

Present: Mark Carlisle, Ed Vitone, Kyle Johnson, and Douglas Briggs Town Administrator

The committee opened the meeting at 9:00 am at the town hall and went by vehicle into New Hampshire to meet up with Jim Van Valkenburgh from Frolingenergy. Jim took the committee to two different schools:

The first was the High Mowing School in Wilton NH. Their design consisted of two Froling Dry Chip Boilers with a propane boiler as a backup.

The second school was the Boynton Middle School in New Ipswich NH. Here we looked at two Froling P4-100s with a Buderus oil burner as backup.

At the completion of the tour we setup a meeting for Monday the 25th of January for Jim to come to Ashburnham to look at the basement of the Steven's Library as a potential location for a pellet system.

The committee than returned to Ashburnham and the meeting was adjourned at 11:15am.

Respectfully submitted
Doug Briggs
