

WATER-SEWER COMMISSION MEETING

January 10, 2017

Present: Val Daigle, Leo Collette, Charlie Packard, George Cornwall, Steve Nims, Julie Dean

CALL TO ORDER

6:06 p.m.

Motion by Leo Collette, 2nd by George Cornwall to approve the January 10, 2017 Agenda, vote was unanimous. Motion by Leo Collette, 2nd by Charlie Packard, to approve the November 15, 2016 minutes, vote was unanimous.

OLD BUSINESS

Val asked how we stand with Oakson. Steve said that Tighe & Bond met with our Town Administrator and that they will review a study done to come up with a plan to move forward. Steve spoke with them regarding School Street and Williams Road.

NEW BUSINESS

None at this meeting

OTHER BUSINESS:

Leo mentioned that the State requires approval of meeting agenda's be listed as first order of business. It was noted by Steve that it is listed first on our agenda's.

Steve said that the PRV valve work was complete, all new valves have been installed and are up and running. They need to come to do clay valve.

Steve reported that Bioxide is up and running. Thirty gallons of Bioxide drips automatically into wet well. Odor log on Gardner manhole is kept, no smell reported since Bioxide added.

Leo questioned lack of a credit on Gardner bill. There is no credit because the Couture house is vacant.

Steve mentioned that per the State the drought is still in effect. Reservoir is at 27", it gained 4".

George said that Cushing has promised to extend/loop line for hydrant when the size of the parking lot at ice rink is increased.

NEXT MEETING

Tentatively scheduled for Tuesday, February 14, 2017 6 p.m.

ADJOURN

Motion by: Val Daigle, 2nd by Charlie Packard, vote was unanimous. 6:36 p.m.
