November 10, 2014

Dear Resident,

Avon has been selected to join fourteen other communities in Phase V of the Solarize Connecticut Program. Solarize Avon is offered by the Clean Energy Finance and Investment Authority, now known as the Connecticut Green Bank, in partnership with SmartPower. The purpose of the program is to increase the use of solar power by homeowners. The program leverages group discounts, available through a pre-selected installer, to reduce the cost of the installations. Over the past several weeks, the Town has worked with the Connecticut Green Bank to interview potential installers. Astrum Solar has been selected as a result of this process.

The Solarize Avon Program will officially kick off with a workshop on Thursday, November 20 at the Avon Senior Center, 635 West Avon Road, at 7 p.m. At the workshop, residents can learn more about the program and meet the pre-selected installer. It is important to note that residents will have until March 27, 2015 to take advantage of the program.

More information about Solarize Avon can be found by visiting www.solarizect.com/Avon or contact Astrum Solar at 1-800-903-6130.

Sincerely,

Brandon Robertson
Town Manager
