- Calvin Moore/16 Pleasant Street/Change in Use

Property has been vacant for years, used to be a church. Looking to create 2 units. Heard from DPW :

As requested by Mr. Moore, the Ayer DPW has no issues with the construction of a curb cut and parking access from West Street, for the property at 16 Pleasant Street (Map 26 Parcel 155). Prior to construction, Mr. Moore will be required to submit the appropriate Permit Application to the DPW detailing dimensions, construction materials and drainage design. Mark Wetzel, Public Works Superintendent

Fire:

Calvin Moore came to me this morning and described a four car parking plan for the rear of 16 Pleasant St. I do not have any issue with parking the cars on the West St. side of the building as long as the parking arrangement does not block the egress door. There would have to be something designating the space in front of that egress door as a non- parking space. Sincerely; Chief Pedrazzi
