Reach out to businesses

David reached out to Barrington Eye Care.

They have been here for 11 years, have 11 employees between 2 sites, and would like more room to expand. Choose Barrington because there is no competition here.

Because Real estate agents have asked to see the list of landowners that wanted to be part of the innovatory of land available for development. We decided to send a disclaimer letting the landowners know that the use of a real estate professional is their choice. They are not representing our group.

Next regular meeting will be 9/25/14, 5:30 PM, Planning office at the Barrington Town Hall.
