Dear First Selectman Cable:

Subject: State Project No. 174-356
F.A.P. No. 000R(686)
Beam End and Bearing Repair
Various Towns—District 4

One set of final plans for the construction of the above-captioned project is enclosed. The cooperation of local governmental agencies is important to effect the orderly and efficient prosecution of the planned construction. Please inform your planning, zoning, traffic, fire, police and other affected agencies so they may be aware of this project.

This project involves repairing steel beams, painting ends of steel beams, minor concrete repairs and replacing expansion bearings at 15 bridges in District 4. The locations are shown on the enclosed list. Temporary lane closures will be utilized during construction. The Contractor will be allowed to halt traffic for a period not to exceed ten minutes to perform necessary work between 12:01 a.m. to 5 a.m. on all non-holiday days.

Construction on this project is scheduled to begin in April, 2012. Additional information relative to this project can be obtained by contacting Mr. Daniel P. Foley, District Engineer, District 4, Department of Transportation, 359 South Main Street, Thomaston, Connecticut 06787, at telephone number (860) 585-2710.

Very truly yours,

Beacon Falls, CT 06403

Dear First Selectman Cable:

I would like to update you on Aquarion Water Company's first annual Connecticut Environmental Champion awards. As you know, the Aquarion Environmental Champion Awards were launched earlier this year. The awards recognized volunteer projects that have significantly contributed to the improvement of environmental quality through the protection, conservation, restoration and/or stewardship of Connecticut's water, air, soils, and plant and wildlife habitats.

Aquarion received nominations from across the state in four categories: Student (Grade 9-12), Adult, Non-Profit Organization and Business, and announced the winners on June 4 at a ceremony held at Connecticut's Beardsley Zoo. Guest presenters for the ceremony included:

- United States Senator Richard Blumenthal
- Tom Baden, *Connecticut Post* editor
- John "Jack" Betkoski, Vice Chairman of the Connecticut Public Utilities Regulatory Authority Vice Chairman

This year's winning entries were:

- **Business: Northrop Grumman Systems Corporation of Norwalk;** \$2500 grant to environmental non-profit of its choice
- **Student: Natalie Valentin of Simsbury;** \$1000 savings bond
- **Non-Profit: Clean Up Sound and Harbors (CUSH) of Stonington;** \$2500 grant to environmental non-profit of its choice
- **Adult: Richard Emmons of Stamford;** \$2500 grant to environmental non-profit of his choice

You can view videos of the winners accepting their awards by visiting www.aquarionwater.com.

Aquarion salutes these leaders in their efforts to preserve and protect our state's natural environment. We hope you will spread the word about this program among your constituents as we continue to seek out and recognize Connecticut's Environmental Champions for years to come.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles V. Firlotte". The signature is fluid and cursive, with a large initial "C" and "F".

Ms. Susan A. Cable, First Selectman
Town of Beacon Falls
Town Hall
10 Maple Ave.
Beacon Falls, CT 06403

Dear Ms. Cable:

This is to inform you that at its December meeting the Representative Policy Board will be making an appointment to the Five-Member Authority of the South Central Connecticut Regional Water Authority.

The appointee will serve a five-year term commencing January 1, 2012. I am enclosing a position description that describes the responsibilities, functions, time demands, compensation and qualifications for this position. The Nominating Committee will be accepting resumes until October 21, 2011. Applicants are required to be residents of the District. Interested parties should submit a resume for receipt on or before the deadline to Chairman, Nominating Committee, Representative Policy Board, 90 Sargent Drive, New Haven, CT 06511-5966.

The Nominating Committee will interview applicants who best meet the qualifications outlined in the position description. The Nominating Committee will submit a report recommending one or more nominees to the full Board at the Board's December meeting.

Sincerely,

Kevin J. Curseaden, Chairman
Nominating Committee

Enclosure

SOUTH CENTRAL CONNECTICUT REGIONAL WATER AUTHORITY

POSITION DESCRIPTION

MEMBER OF THE FIVE-MEMBER AUTHORITY

A Regional Water Authority member is one of five members whose collective function is the responsibility for the oversight of all phases of the operation of South Central Connecticut Regional Water Authority, a quasi-public entity, established by the Connecticut legislature.

The South Central Connecticut Regional Water Authority has as its primary purpose providing and assuring an adequate supply of pure water at reasonable cost within the South Central Connecticut Regional Water District and, to the degree consistent with the foregoing, of advancing the conservation and compatible recreational use of the land. In general the Five-Member Authority has broad powers necessary to its statutory objectives and operations as a Regional Water Authority.

An Authority member is appointed by and accountable to the 21-member Representative Policy Board consisting of one representative from each member town plus a Representative of the Governor of the State. The term is for five years and is subject to reappointment. This is a part-time compensated position (currently \$20,000 annually) requiring preparation for and attendance at Authority meetings, Representative Policy Board meetings, and various special functions. The time required to carry out these responsibilities will vary but it is estimated that they will require on the order of 200 hours per year.

The duties of the Five-Member Authority are similar to those of a Board of Directors. It is concerned with the full scope of the activities of the regional water utility on an informational, advisory or decision basis. Effective membership and service on the FMA requires a high level of personal commitment involving both in-service education and considerable outside study and preparation, particularly when matters of importance and complexity are on the agenda, such as budgets, rates, land use amendments and disposition, major projects and capital expenditures, personnel and other items of water utility corporate activity.

General Qualification Requirements

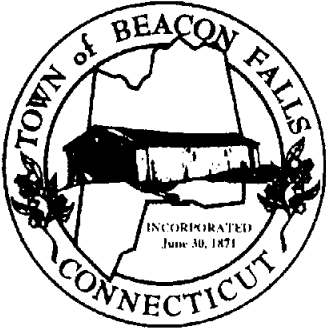

➤ ***Education***

Graduation from a four-year college or university.

➤ ***Experience***

Demonstrated accomplishment and experience with finance, human resources, conservation, environmental land use, legislative or regulatory agency issues, business, law, local or state government, service on a Board of Directors in the public or private sector would be desirable.
