Bernard Caputo
34 Woodcrest Drive
Boxford, MA 01921

Re: Unauthorized alteration of wetland and pond on your property

Dear Mr. Caputo,

Your presence is required before the Boxford Conservation Commission to discuss a possible violation of the Boxford Wetlands Protection Bylaw and the State Wetlands Protection Act. The Commission meets at Town Hall, Meeting Room #1, 7:30 p.m. on November 20th and December 4th. Please contact this office at your earliest convenience to confirm that you will attend one of these meetings, or to make alternative arrangements.

This office has been informed that you have altered the wetlands and pond on your property by dredging the pond and discharging dredged material on the Bordering Vegetated Wetlands and Bank adjacent to the pond. If this information is accurate, such actions have been conducted without required permits and would constitute violations of the Boxford Wetlands Protection Bylaw and the State Wetlands Protection Act.

Sincerely,

Ross Povenmire
