Subject: 17 Pye Brook Lane  
DEP File Number 114-1221

Dear Commission Members,

Please find attached a planting plan and a revised permit site plan based on comments made during the last public hearing. The following items were revised:

- The 200 Foot Riverfront Area was added to the key map.
- A note was added to the plan stating that most of the property is within the 200 Foot Riverfront Area associated with Pye Brook.
- A planting plan was prepared that details the quantity, size and type of species proposed within the native species planting areas. Because the applicants have not yet met with a landscape architect we included a broad list of species for them to choose from.

We look forward to presenting this information at your next scheduled public hearing. If you should have any questions regarding this information please do not hesitate to contact our office.

Sincerely,

WILLIAMS & SPARAGES, LLC
