RE: 26 Arrowhead Farm Road, Amendment to Order of Conditions for Parcel 37-1

Dear Mr. Povenmire,

The owners of 26 Arrowhead Farm Road, Mr. & Mrs. Merek Franklin, have reduced their construction schedule for this location and would like to amend the Order of Conditions to reflect these changes.

The revisions include a major reduction of construction in the buffer area as follows:

1. Eliminated the 368 sf. addition to the rear of the residence.
2. Eliminated construction of the 660 sf. new patio.
3. Eliminated removal and relocation of the pool house.
4. Eliminated the area of general landscaping and stock pile area.
5. Eliminate any revision to the fenced area of pool.

With this major reduction in construction activity, they would like to finish their project by completing the following tasks:

1. Replace walks #1 & #2 with 24" square blue stone pavers with 4" grass joints. The walks are now poured concrete and in pour condition.
2. Re-surface the paved area around the pool as in the original proposal.
3. Remove and replace the pool house with a new structure. Same size and same footprint.
4. Add mechanicals to pool filtration system, as required by your Commission, which will be placed adjacent to existing mechanicals on a 4'x8' crushed stone pad adjacent to new pool house.
5. Relocate erosion control fence to reflect construction to finish project.
