Subject:	Tree Removal - 33 King Richard Drive

Dear Mr Povenmire

I am at 33 King Richard Drive.
I have 4 trees I would like to remove from my property.
Three of the trees are in a close group next to my house.
The 4th is at the corner of the road and my driveway.
I abut a wetland (corner of king Richard and King John).

I am requesting a Determination of negligible Impact so I may remove the 4 trees.
We will use the wood for heat during the winter.

I request a DNI for the removal of three trees located within 25' of my home and that are overtopping the roof.
I propose to cut the stumps flush or grind the stumps, but will not excavate the stumps.

I can attend the next conservation Commission meeting which I believe is August 4, 7:30 p.m.
I will bring a check to the Town of Boxford for $50.

Will you confirm receipt of this note and that I am on agenda for August 4

Sincerely

Greg Paul
