**Old Business:**

1. Alferi, Eabow Brook Road, land clearing. A. Alferi submitted a new plan to the commission. He plans to remove invasive brush and replant trees. F. Sproviero asked for a time frame for the proposed work to be done. The biggest issue is that the work cannot be done using machinery. It needs to be done by hand.

L. Franklin asked if there would be more trees removed. A. Alferi said he had taken down all the trees he needed to. His application was for removal of invasive brush and removal and replanting trees.

J. Lindblom stated that right now everything was either snow or mud so there was no window of opportunity to work while the ground was frozen. L. Franklin suggested that any future work needs to be done by hand and that R. Dirienzo should oversee the project.

F. Sproviero said that this was a use as of right.

**New Business:** none

**Enforcement:**

1. The report from the Wetlands Enforcement Officer was received by the commission. In his report R. Dirienzo recommended changes to the regulations in order for them to comply with new state regulations. The new language will be added to the regulations and a public hearing will be set at the next meeting.

2. Fees. The commission decided to stay with the existing ordinance.
