PUBLIC IN ATTENDANCE: 0

Meeting called to order at 7:00PM. Selectmen Robischeau led us in the Pledge of Allegiance.

The purpose of this meeting was to discuss the options for the repairs of the Townhouse and the fate of the Schoolhouse.

There were several ideas that were discussed such as moving the Schoolhouse, seasonally closing off the schoolhouse or demolishing the Schoolhouse section of the building. It was agreed upon that estimates from a few local contractors will be obtained in order to clarify the costs of bathroom upgrades and relocations, as well as heating system upgrades and relocations. Furthermore, fuel options and heating source options will be solicited from various local vendors. Selectmen Nelson asked Ron Fountain to create a proposal using his Electrical Engineer background on what he thinks needs to be completely electrically in the Town & Schoolhouse. Ed Nason was asked to explore the floor support beams. Additionally, there was discussion and a proposal to hold a charrette (a meeting moderated by a neutral party conducting discussion sessions with town members) wherein options would be vetted on the future of the town house and school house, even possibly adding space to the rear of town offices. Marilou Maclean will continue to search for information on holding the charrette and report the information back to the Selectmen.

The estimates and the charrette will be explored and brought to the next Selectmen's meeting.

Meeting adjourned at 9:00 PM

Respectfully Submitted,

Jessica Robischeau
Administrative Assistant
