Public Comment: Dick Gagnon of 825 Broncos Hwy, Mapleville, RI asked how will a Pay As You Throw program be paid for. It was explained to him that there are many variations of the program, (i.e., price/bag) most including a yearly fee. Our group is tasked with exploring the many options and presenting them to the Town Council.

When PAYT happens, will taxes go down? We told him to direct that question to the Town Council.

He also had a comment that his rubbish and recycling pick up sometimes occur on different days

- 1) That the question of approving minutes of the regular meeting of the Burrillville Rubbish and Recycling Committee held on October 18, 2010, and the question of dispensing with the reading of said minutes; be now taken up. - 3) Discussion/action relative to No Bin, No Barrel implementation:

 - b). Wheel carts- Andrea Hall mentioned that there has only been one request so far so for now since demand is very low, we will continue to sell the wheel kits for the bins.

- 4) Discussion/action relative to holding a Recycling Day and discussion of communication from Indie Cycle, LLC: We are not planning anything formal for the observance of Recycling Day rather we will advertise to residents how purge rubbish from the holidays, i.e., Christmas trees.
Indie Cycle, LLC info was received and will be filed.

On behalf of the Ocean State Power/Burrillville Community Foundation, we would like to thank you and your organization for submitting a proposal for your project: **Townwide Shredding Event and Field Trips** for our group's consideration this year.

The Committee received many requests from various groups and individuals for a vast array of excellent community projects. Selection of grant recipients each year is a very difficult task because of the commitment that organizations and individuals such as yourself have towards the betterment of our community. After careful deliberation, we regret to inform you that your project was not one of the final projects selected by the Committee for grant consideration this year.

It is uncertain whether there will continue to be an annual OSP Community Foundation grant program next year. This year represents the conclusion of the original 20 year funding program. If a new funding program evolves, the Committee encourages you to once again submit community projects for our review with the hope that we will be able to assist you in your prospective endeavors.

Again, thank you for submitting a proposal for our consideration and all that you do for the Burrillville community.

Yours truly,

A handwritten signature in cursive script that reads "John P. Mainville / cm".
