

Minutes, Work Session
Town of Canterbury
Board of Selectmen
April 15, 2013

Selectmen Present: Bob Steenson
Tyson Miller
Cheryl Gordon
Others: Fire Chief Pete Angwin
Deputy Fire Chief Jon Camire

Working Session Meeting opened 11:00 am at the Municipal Building. A discussion and demonstration took place regarding the appropriate use of fire vehicle Utility 1. It was determined that said vehicle is likely to be unsuitable for regular routine calls to residents for inspections and general assistance unless special circumstances dictated. Reasons cited were, cost of operation and fuel, time and inconvenience of transferring necessary equipment from Chief's truck to Utility 1 and age of Utility 1 being such that it be best preserved for fire and off-road emergencies.

New Business: Jim Sawicki and Adrienne Hutchinson joined the meeting. A brief discussion occurred regarding appointing Adrienne as an alternate to the Regional Waste Coop. Straw vote taken. Formal vote to be taken at next regular BOS meeting.

Meeting adjourned at 11:45 am.
