Constables- Councilman Lippiello reported that in November, there were 29 patrols, 36 complaints, 11 911 calls, 24 tickets issued, and 4 accidents responded to.

Zoning – Councilman Hodgkins said that in November there were 4 building permits issued and 6 CO/CUs were issued.

Food Pantry – Supervisor Grattidge said that he has received a copy of the Pantry's report. Charlton residents needing assistance can go to the pantry for help.

Maintenance – Supervisor Grattidge read the report which is on file in the Town Clerk's office.

Water – Councilman Lippiello said that John Morgan is waiting on a response from the Phoenix Group to begin work on the telemetry system at the pump house.

Parks - Councilman Grasso gave the Board pictures of the work in process on the new pedestrian bridge at Elmer Smith Park. The deck is on and they will be working on the railings as weather permits.

Councilman Grasso said he is continuing to get written communications from residents regarding the proposed zoning changes. He will forward to the Clerk and Town Board so that there is a complete file.

Dog Control – In November there were 11 complaints and the DCO followed up on 10 expired licenses.

Seniors – Marv Schorr said that the Senior's Christmas Party is on December 10th at the Burnt Hills United Methodist Church.

MOTIONS, RESOLUTIONS, AND AUTHORIZATIONS

Supervisor said that a minor changes needs to be made to the Water District #1 budget, in order to get the appropriations in line with the revenues coming in. There are \$5.00 fees per parcel being received and a new hook-up fee of \$250.00 being received which needs to be adjusted to match the appropriations. The appropriations needed to be amended by \$512.00 under the pump house by-pass line on the main part of the budget. The new total of appropriations is \$257,415.00 and on the revenue page the revenue corresponds with the same amount of \$257,415.00. The summary page was changed to reflect the new amounts.

Discussion: Councilman Grasso asked where amount for the metered water sales of \$110,000 comes from. Supervisor Grattidge said that it is an estimate based on the revenues received. The other fees are the ad valorem which is spread out through the entire district and each parcel has a flat fee of \$5. The extension through Main Street carries the bond. As new houses hook-up, there is a \$250 charge for 4 years.

COUNCILMAN REPORTS

Supervisor Grattidge said that the Public Hearing for the Zoning changes went well. A good number of people showed up and communicated with the Board. The Board set a Workshop for December 29th at 6:00 p.m. to discuss and review the comments and items that the public has communicated about.

PRIVILEGE OF THE FLOOR

Marv Schorr said that he received calls from people that could not attend last week's hearing. He confirmed with the Board that the public can submit written comments for another week.

The Board set the Organizational Meeting for January 12th at 7 p.m.

Mark Chotkowski said that he is a member of the ZBA and he attended the Public Hearing last week. He said that the ZBA has had some issues that he thought would be addressed in the changes. He made the following comments regarding:

- Accessory Buildings – detached garages are allowed 15 feet from the property line, but attached garages are only allowed 40 feet from the property line. People are putting in detached garages and then attaching them after they get their CO.
- Farm size is being reduced from 50 acres to 25 acres. He feels that the Town should specify what animals are allowed, such as chickens and alpacas. He believes that there is a potential for issues.
- Solar Panels – he believes that the restrictions are too large for the basic lot size. He thinks that 50 feet is too restrictive if garages can be 15 feet. The facing of the panels is not addressed.
- The proposal says that if you deviate from the setbacks, you have to go before the Planning Board. He does not feel that the Planning Board has the authority to determine setbacks.
- Windmills – he believes that there should be provisions for them since they are an alternative energy source that is becoming more prevalent.

The meeting adjourned at 8:04 p.m.

Respectfully submitted,

Brenda Mills
Town Clerk
