

The Massachusetts Executive Office of Transportation announces
PUBLIC MEETINGS to discuss
Phase 2 of the Urban Ring Project

The project team will present information about the Urban Ring Phase 2 project, a proposed bus rapid transit line that would serve a circumferential “ring” passing through Boston, Brookline, Cambridge, Chelsea, Everett, Medford and Somerville. The presentation will cover the project background, status of the planning process, and preliminary proposals for route alternatives.

There will be three meetings in the Urban Ring communities: two evening meetings in a public meeting format (presentation and discussion) and one Saturday morning meeting in a workshop format (presentation, breakout discussion groups and general discussion). The presentations will be the same at all meetings, and we will try to maximize the time available for public comment at all meetings. You are encouraged to attend any of the meetings.

Directions to these meetings and additional project information are available at www.theurbanring.com.
