## THE STATE OF NEW HAMPSHIRE

(L. s.)

To the inhabitants of the Town of Chichester in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Chichester on Tuesday, the twelfth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see if the town will vote to pay a discount of 3% on all property taxes paid on or before July 10th, 1929.
4. To see if the town will vote to raise and appropriate a sum of money for the White Pine Blister rust control, the State to give 25% in addition to any amount raised by town.
5. To see if the town will vote to raise and appropriate the sum of \$50.00 for Town Road Maintenance, the State to give \$50.00.
6. To see if the town will vote to raise and appropriate the sum of \$800.00 for State Aid maintenance, the State to give \$1,200.00.
7. To see if the Town will vote to raise and appropriate the sum of \$1,700.00, the State to give \$7,700.00 for Trunk Line maintenance.

8. To see if the town will raise \$2,500.00 toward the construction of the Trunk Line road, and authorize the Selectmen to borrow from the State (agreeably to House Bill No. 310) the balance necessary to complete this trunk line, the State gives \$7,500.00.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and twenty-nine.

ABRAHAM L. WEST,  
SAMUEL C. MARDEN,  
LEON A. SANBORN,  
*Selectmen of Chichester.*

	<hr/>
	\$8,900.00

## TOWN OF CHICHESTER, RECEIPTS AND PAY-

## ASSETS

Cash in hands of Treasurer	\$481.47
Taxes not collected Levy of 1926	252.46
Taxes not collected Levy of 1928	1,662.92
Shortage 1925-26-27	6,687.08
Additional shortage found	165.35
A. W. Thompson, taxes bought by town	29.45
Walter M. Locke	21.70
	<hr/>
Total Assets	\$9,300.43
	<hr/>
Grand Total	\$9,300.43
Net Debt, January 31, 1928	\$3,668.90
Net Debt, January 31, 1929	560.07
Decrease of surplus	3,108.83

## RECEIPTS

## From Local Taxes:

Property taxes committed to collector, 1928	\$13,850.08
Less discount and abatement, 1928	224.13
Less uncollected, 1928	1,494.94
1. Property taxes current year, actually collected	\$12,131.01
2. Poll taxes, current year, actually collected, 218 @ \$2	436.00
3. Property and poll taxes, previous years, actually collected	1,485.60
4. National Bank Stock taxes	83.00
	<hr/>
Total of above collections	\$14,135.61

Continued on Page 18

## MENTS FOR YEAR ENDING, JANUARY 31, 1929

## LIABILITIES

Accounts Owed by the Town:	
Due to School Districts: (a) Dog licenses	\$175.70
Due to School Districts: balance or 1928 appr.	1,200.00
Outstanding Temporary Loans in anticipation of taxes	2,500.00
Long Term Notes Outstanding	4,000.00
Parsonage Fund	864.66
	<hr/>
Total liabilities	\$8,740.36
Excess of assets over liabilities (surplus)	560.07
	<hr/>
Grand Total	\$9,300.43

A large decrease is shown in net surplus. Heretofore the balance to school has never been entered. \$500 has usually been raised to defray expenses for winter breaking and was not appropriated in 1928. We also suffered a loss of revenue of \$1,100 from railroad tax in 1928, also paid around \$1,500.00 more to school department in same length of time.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the Chichester School Board:*

I herewith submit for your consideration my sixth annual report as superintendent of schools. Its purposes will be to state some of the most vital facts about the schools for the past year, to compare some of those facts with information given in previous reports, and to discuss some of the important needs of the future.

### INSTRUCTION

Last spring standard tests in Reading were given to Grades II to VIII, in Arithmetic Reasoning (Problem Solving) to Grades III to VIII, and in general achievement to Grades IV to VIII. These were in addition to the usual achievement tests given to Grade VIII only.

Last November other standard tests in Reading were given to Grades II to VIII; in Arithmetic Computation, Arithmetic Reasoning, Language Usage, and Spelling to Grades III to VIII; in Grammar and History to Grades VII and VIII; in Geography to Grades V to VIII, and in Nature Study and Health to Grades IV to VIII. The results of both of these testing programs have been carefully studied and discussed at the regular monthly teachers' meetings and they have been found exceedingly helpful to teachers and superintendent in determining the type of instruction each pupil should receive.

It is planned soon to give another series of tests to further check the results of our efforts.

By a comparison of the results of the tests given in the falls of 1923 and 1928 we find that now the average pupil in any of the middle or upper grades is about as proficient in reading, arithmetic, and the other fundamental subjects as the average pupil in the grade next higher was five years ago. For example, the average achievement of fifth grade

pupils in 1928 was about the same as the average achievement of sixth grade pupils was in 1923. In spite of this encouraging improvement some of these grades still are slightly below standard in some subjects whereas others are considerably above.

The following is another example of the progress being made in the Chichester schools. In June, 1924 the average of the scores received by the eighth grade pupils on their final examinations was 6.8; that is, a group of sixth grade pupils up to standard would have done as well in *May* as this eighth grade group did in *June*. In June, 1925 the average was 7.0; that is, this eighth grade group did as well as but no better than a group of seventh grade pupils up to standard would have done when they were just starting the work of the year. In June, 1926 the average was 8.7; that is, they lacked only two months of being up to standard. In June, 1927 the average was 8.9, or just standard. In June, 1928, with only three pupils taking the tests, the average was 8.4, or five months below standard. I believe this improvement in the quality of the work being done is noteworthy, and the results for the past three years indicate that Chichester pupils are being well prepared for high school.

### PROMOTIONS

Forty-three pupils were promoted to the next grade and five, or ten per cent, failed to be promoted. The two who received certificates of admission to high school were Madison Bailey and Madeline Sanborn. Both are continuing their education.

### HIGH SCHOOL PUPILS

The following seventeen pupils returned to or entered high school last fall:

Concord High School: Madison Bailey, Scott Edmunds, Katherine Knight, Elizabeth Lake, Charles Langmaid, Shirley Marden, Edgar Reed, Madeline Sanborn, Richard San-

born, Anne Shaw, Merwin Shaw, Pauline Towle, and Mae West.

Pembroke Academy: Fred Marston.

Pittsfield High School: Wilma Dahm, Thomas Elliott, and Percival Locke.

#### ROLL OF HONOR

Velna Duplace and Doris Smith had perfect attendance for the full year. Isabelle, Margaret, and Melissa Perry had perfect attendance except for tardinesses due to the school team. Leona Mobbs' only absence was because the school team did not go.

#### HEALTH

Date of examination, May, 1928.

Examiner, W. H. Mitchell, M. D.

Number examined; 46.

Number not examined: Not present, 2.

Communicable diseases: Number excluded, 0.

Defects	Number affected	Reported to parents	Number defects corrected since last examination
Underweight (10%)	11	11	0
Defective Vision	7	7	0
Granular Lids	1	1	0
Defective Teeth	26	26	0
Diseased Tonsils	8	8	0
Unvaccinated (1 excused)	5	4	0

School Buildings and Grounds in fair condition. School Privy at Pine Ground, *Unsanitary*.

It is significant that fifty-seven correctable defects were reported as existing at the time of the examination and that not one defect had been corrected during the year. I hope the voters of Chichester will carefully consider this question: "Is it a good investment to pay about \$50 for being told that defects exist if none of them are going to be corrected?"

#### CENSUS

Number of resident children 5 to 16 in local schools Sept. 30, 1928	57
Number in high schools or academies outside the district	11
Number in elementary schools outside the district	5
Total number of children 5 to 16 in some school	73
Number 5 to 8 not in school	5
Number 8 to 14 not in school	1
Number 14 to 16 not in school	2
Total number of resident children 5 to 16	81

#### STATISTICS FOR YEAR ENDING JUNE 30, 1928

	Pine Ground	Center	Total
Annual salary of teacher	\$1000	\$1000	\$2000
Half day sessions	352	352	352
Total enrollment (unrepeated)	20	36	55
Average membership	19.25	27.70	46.95
Average attendance	18.78	25.50	44.28
Per cent of attendance	97.56	92.05	94.31
Number of tardinesses	21	31	52
Visits by superintendent	21	22	43
Visits by citizens	30	36	66
Number not absent nor tardy	1	1	2

#### COMPARATIVE STATISTICS FOR THREE YEARS

	1925-26	1926-27	1927-28	State ave. 1927-28
Average number of half days each pupil was in school	317.8	319.9	331.7	310.21
Per cent of attendance	91.0	93.66	94.31	94.89
Number of tardinesses	61	40	52	****
Average number of tardiness per pupil	1.1	0.7	1.1	1.04
Average number of visits by Superintendent	15.7	17.0	21.5	17.1

#### BUILDINGS AND EQUIPMENT

The work done at the Pine Ground School last summer has greatly improved the exceptionally bad sanitary conditions there. To some the cost of these repairs and improvements may seem to be rather high but when it is realized that very little has been done for several years in the way of keeping up, not to mention improving, the building and equipment, it is readily seen that the amount spent for the past six or eight years is really very low. Throughout the

state an average of over two dollars per pupil is spent each year for minor repairs and about six or eight dollars for *improvement* of buildings and equipment. If these amounts may be taken as close approximations to what is necessary to maintain buildings and equipment and to make reasonable progress, and I believe they can, then \$200 to \$250 should be spent each year at the Pine Ground School for these purposes. The total expenditures for these purposes for all schools in the district for the past six years have been as follows: 1922-23, \$101.16; 1923-24, \$326.92; 1924-25, \$340.96; 1925-26, \$239.21; 1926-27, \$177.38, and 1927-28, \$174.31—an average of \$226.66 per year for *all* schools. It can be seen then that Chichester has spent in the past six years enough on all of its two to five schools to maintain and improve *one*. If Chichester is to reach the standards in buildings and equipment being set by the other districts in the state, \$400 to \$500 should be spent each year on its two schools for repairing and improving its buildings and equipment. If other schools are operated, the above amount should be proportionately increased.

The major improvements needed immediately to standardize the two buildings now in use are as follows:

*Pine Ground*—(1) *Lighting Conditions*. The room receives about 78 per cent of the amount of light it should and 25 per cent of this is from the wrong direction. When we realize that this room has about 39 square feet of glass to admit light where it should be admitted as compared with the 101 square feet of glass that it should have, and that the tops of the windows should be four and one-half feet higher than they are in order to properly light the blackboards, we appreciate somewhat the severe handicaps under which the pupils are trying to work. (2) *Heating and Ventilating*. Heating and ventilation equipment like that at the Center is needed. This would necessitate the building of a new chimney. Because of the small size of this building and its unusually low ceiling, it could not be made to conform to all standards for an amount the dis-

trict could afford but the lighting could be greatly improved at a fairly low cost.

*Center*—(1) *Lighting Conditions*. The room now receives only about 80 per cent of the amount of light it should and 20 per cent of this amount comes from the right so that eye strain is severe. The room is too wide for its height to be properly lighted and should be remodeled. (2) *Seating Conditions*. Two-thirds of the desks are too large for the pupils using them and should be replaced by desks better suited to the present and future needs. (3) *Toilets*. The toilets are unsanitary and poorly located and should be replaced by chemical toilets easily accessible from the schoolroom. (4) *Fuel Room*. A suitable place for the storage of a year's supply of wood should be provided. This building is so large and otherwise so constructed that it could be remodeled to meet present day standards without great expense.

#### CONCLUSION

It may be observed from the foregoing statements (1) that marked improvement has been made in the past five years in the progress pupils make in the Chichester schools, (2) that the recommendations of the health supervisors or medical examiners have not generally resulted in corrective work being done, (3) that Chichester pupils attend school more days than and nearly as regularly as other pupils in the state, and (4) that the hygienic conditions of the buildings are not up to standard and should be improved progressively by raising \$400 or \$500 each year for the purpose.

I am glad of this opportunity to express my appreciation of the generous cooperation I have received during the past year from pupils, teachers, school board and other citizens.

Respectfully submitted,

LESTER B. BADGER,

*Supt. of Schools, Supervisory Union No. 49.*  
Pittsfield, N. H., February 1, 1929.

## SCHOOL BOARD'S BUDGET FOR 1929-1930

## School District of Chichester

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1929.

## DETAILED STATEMENT OF EXPENDITURES

*Support of Schools	†Elementary Schools	
Teachers' Salaries	\$2,000.00	
Text Books	75.00	
Scholars' Supplies	75.00	
Flags and Appurtenances	4.00	
Other Expenses of Instruction	10.00	
Janitor Service	36.00	
Fuel	100.00	
Water, Light, Janitors' Supplies	20.00
