## LIBRARIAN'S REPORT

Forty-two new books were purchased in 1934.

We have received from friends three books as gifts.

Miss Estella Leaver, a former Chichester girl, now of Portland, Maine, remembered us as usual with two books of the latest fiction.

Again thru the kindness of Miss Sally P. Carpenter, standard magazines, such as the National Geographic, Good-Housekeeping, McCall's and the Ladies' Home Journal will be found on the Library tables.

The New Hampshire Troubadour comes to us every month, singing the praises of New Hampshire.

The usual books have been sent to us from the State

Mrs. Dorothy Lane, has the Branch Library at the north part of the town. Mrs. Mable D. Stevens is Branch Librarian at Horse Corner, and Miss Clara B. Shaw, is in charge of the Bear Hill district.

At the present time there are about 200 books out in the Sub Libraries.

This past year it was necessary for the Librarian to have 500 library book rules. These were printed at the Valley Times office, at a cost of \$3.50.

This expense won't have to occur again for many years

## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the School Board and Citizens:*

My duties in your school system were entered upon last July with a diffidence fitting for one who realized that his position there was due to the economies forced by act of the last legislature rather than to any desire for change on your part.

For the forbearance shown during the time necessary for me to become acquainted with you, with your policies and your schools, I wish to express my gratitude to the members of the school board, the teachers, and to such citizens as I have had opportunity to meet.

The district has been fortunate in retaining the services of Miss Greene at the Pine Ground School. Of the two new teachers, Mrs. Williams at the Center is a teacher with experience and Normal School training, and Miss Nelson at Horse Corner was graduated from Keene Normal School last June. Both are conducting their schools well.

In buying books and supplies I have been somewhat conservative until I could become better acquainted with your most pressing needs.

The crowded condition of the Pine Ground School needs to be relieved either by increasing the size of the room, or transporting some of the children to the Center or elsewhere. Any money needed to finance the plan adopted needs to be raised until Article II of the Warrant for the District, in addition to the \$6,107.39 called for in the school board's budget. A jacket placed around the stove has helped to keep children near the stove cooler and those in the back of the room warmer.

The report of health work for the last school year showed five children underweight as contrasted with nine the previous year; four with defective vision, three of these

cases having been corrected during the year. The same number as last year had defective teeth, 2; diseased tonsils, 5; enlarged glands, 1. No contagious diseases during the year were reported.

The tables following are a part of this report.

Respectfully,

GEORGE W. SUMNER.
