

Minutes, Historical Commission

May 18 '05

Present: Bette Carroll, Barbara Armstrong and  
Jane Slater

Meeting called to order 4:30 pm.

Meeting was called to address request from Town to change the gutters on the Menemsha School building. Discussion followed and it was voted to allow the wood gutters to be replaced with gutters of some other material. It was agreed that Jane would photograph the existing gutters, especially in the front of the building and we will save these for future restoration plans. Bette and Jane viewed the existing gutters before this meeting.

Some time was spent on discussing the veteran list for the plaque. More calls will be made by Bette and Barbara to get accurate dates.

Two members of the Commission are reminded to write to the Selectmen requesting re-appointment to the Commission, Jane and Steve.

The members present agreed that we want an opportunity to visit the Menemsha School building and see what changes have been made in turning it into a police station.

Meeting adjourned at 5:15 p.m.
