

Cape Light Compact customers!

Receive an **instant \$10 rebate** on the energy saving Smart Strip Surge Protector

STOP PAYING FOR WASTED ELECTRICITY.

The Smart Strip automatically turns off your peripherals — even if you forget!

CONTROL OUTLET (blue)

When device plugged in here is turned off, ALL power is cut to the switched outlets. Perfect for computers and TVs.

SWITCHED OUTLETS

Turns off when the device in the control outlet is turned off. Perfect for peripherals like printers and DVD players.

CONSTANT HOT OUTLETS (red)

Power always remains on regardless of the control outlet. Perfect for lamps and phones.

- Saves a *minimum* of \$39 a year in energy costs.
(source US Dept of Energy)
- Regularly \$29.95, now \$15.95 after discounts & rebate.
- Pays for itself in as little as 6 months.
