

Flip Harrington and Sue Whiting

September 24, 2011

Dear Select Persons and Harbormaster for the Town of Chilmark:

During this past summer Soo and I were unable to use both our slip on the Coast Guard Dock and our mooring at Quitsa. The boat was broken down and it was infeasible to have it repaired. It is our understanding that we may have a year of grace and request this privilege.

we have sold the old boat and will definitely be purchasing another this winter and want the same dockage and moorage agreements with the town as in the past years.

Please bill us for the next year at your convenience.

Respectfully,

Phillips Harrington
Susan B. Whiting
