Subject: Draft Harbor fee increases

This is an outline of our talk. Dennis was unavailable in person, his Mom needed assistance from Hospital today but this should help to get a memo ready for the BOS March 20th meeting.-Dilly

Per our phone conversation March 15, 2012 Harbor Master Dennis Jason suggested the following changes as a start to the Harbor fees for 2012 season.

Transient Dock an increase of 0.25 per foot with the new rate being \$2.75 a foot

West Dock increase 10% for the year
(Example the highest fee \$3,000.00 will be \$3,300.00)

Commercial Fishing Dock increase \$75.00 for the year new rate being \$575.00

Floating Dock increase of \$75.00 for the year new rate being \$375.00

Charter Dock increase of \$100.00 for the year new rate being \$600.00

The \$250 slips will increase to \$350 for the year.

*** This is a draft from a single conversation and its probably going to need reviewing by Harbor Master Jason prior to sharing this information as there may be mistakes that he will see when he has time to review. I am unfamiliar to the billing layout of the harbor for instance I did not know what the \$250 slips are called.

Draft respectfully submitted by Diana DeBlase 3/15/12
