ADD OTHER REMARKS

This is only a small portion of the quotes from this group. Needless to say it is very disappointing, and they should all be canned and not allowed to work in any Town position again. (exception of Chuck who appears to have tried very hard to keep things on track).

Bill Rossi was at this meeting and should have not let this happen. One of His quotes was "a five year old can run that beach".

An apology to the Beach Comm. And the Town as well as Martina is in order, A public apology!

The Beach Comm. Has worked very hard and has put in a lot of time , however it seems the HRB has a vendetta against the Beach Superintendent and is doing everything in their power to get rid of her regardless of our decisions and the great amount of support from her staff and the Public in general.
