To whom it may concern,

My name is Gary Demers and I would like to get a permit to hunt in the town of Chilmark.

I am [REDACTED] yrs old, and I've been hunting since I was 12. I'm very responsible in regards to other people's property, and the game I hunt. I only harvest what I can use for my family, or, that I can pass along to my elderly friends who are no longer able to go on the hunt.

I'm hoping to get established in my new shop in Menemsha. I'm a woodcarver and have leased a shop from Everett Poole at 16 Basin Rd. The name of my business is "WOODFISH". I'm very much a naturalist, and all my works are carved from "Butternut" trees that I cut & prepare myself. These trees are protected because of a blight similar to the one that killed off the "American Chestnut". Only Dead, or Dying trees may be harvested, so I turn them into signs & other beautiful carvings & sculptures. I'm only interested in hunting with a bow and a muzzleloader.

To Whom it may concern:

This is to certify that
GARY DEMERS (who is
currently a tenant of mine
at 16 Basin Road in Chilmark)
is a reputable hunter.

He hunts for the table
not for trophies!
