

Tim,

Attached is the proposed timeline for the bond refunding prepared by David Eisenthal. Would you please share it with the selectmen.

Also regarding the election vote that would be required to do a debt exclusion; I checked with Jenny and it's possible to get the question on the state election ballot as a combined ballot for the November 4<sup>th</sup> election. There are a few pros and cons that the selectmen might want to consider. If they are interested however, it would require sending a certified copy to the state with a full text of the question by August 6<sup>th</sup> 5:00 pm.

Melanie

This would require a vote of the Selectmen at the July 15<sup>th</sup> 2014 meeting to set the wording of the Special Election Question. TC
