July 31, 2014

Dear Board Members,

On behalf of the Town's Fire Department and the Board of Selectmen, many thanks is given for the lending of Chilmark's tanker truck while the Town's truck was off island for a 3 month refit and repair. It is always a comfortable thought to know that mutual assistance can be counted on by Chilmark when these types of situations come up and help and support from our neighbors is always there. It's an example of how great an island community we have to work and live in.

Thank you again for your assistance. The Chilmark fire department over the years has been a valuable resource for Aquinnah and we hope it will continue to be so in the years to come.

Sincerely,

Jim Newman
Chairman,
Aquinnah Board of Selectmen

CC: Dave Norton, Fire Chief
Chilmark Fire Department
