Re: Nab's Corner Well Bid

Dear Mr. Hodgkinson,

This letter is to address the five points that the Nab's Corner Well bid should address.

Item 1: The Project Manager is John Clarke, owner/operator Island Water Source, Inc. The Site Supervisor is Dave Schwoch, Master certified well driller by the National Groundwater Association, Mass license number 559. He is the same person who conducted the work on the Middle Line Road project. He has 28 years of well drilling experience on the island and over 2,300 wells drilled.

Item2: I would refer to item one concerning our experience with the Middle Line Road project.

Item3: Island Water Source, Inc. has been in business on Martha's Vineyard since September 1995. We have the capital on hand to pay for the project without any need for progress payments.

Item 4: Please see attached bid sheet. The additional cost of a one hundred (100) foot deep well as specified in the bid write-up is \$5,750 including brush cutting.

Item 5: References:

Tim Carroll – 508-645-2101

Frank Fenner – 508-645-3814 or 774-563-1116

Kent Healy – 508-693-6736

Although I have specified the amount for an additional well in the above item 4, I do not believe that will be necessary. Water should be obtained on all four lots on the first attempt.

Sincerely,

John D. Clarke, Jr.
