Hi. Paul asks that we change the name of the Nab's Corner Community Housing to something else or down play the name Nab's Corner. I told him I would try and help reduce the number of people bothering him, but that the whole project is branded Nab's Corner and I cannot change the name. Should I put this on your agenda for a future meeting?

Tim

Dear Tim,

I was hoping the Town would consider a name change for the *Nab's Corner* affordable housing.

In 1987, I established Nab's Corner (see attached sign photo) as the name of my company. My sign, Nab's Corner, has been located at Nab's Corner since 1988.

Over the past few months I have received several calls relative to whether the housing project your providing is being managed by my company. Two parties have actually knocked on my door at my home, looking to view this project. My sign is now a landmark, used by many to find not only my office, but Quansoo across the street.

I was hoping you could simply change the name from Nab's Corner to avoid future confusion? Even if you put a sign up with a similar name, it will forever cause confusion.

I thank you for this consideration.

Paul D. Adler
