Dear Timothy Carroll,

We request to be added to the Dec 15th Selectman's agenda if possible. We wish to put the matter of

access to the parcel located at 73 Tabor house road before the selectmen so that we might know what the "access to the envelop" options might be. We would like to know more particulars about said curb cut off of Tabor House Rd, and also explore the option of an access from Middleline Road in use over town land and onto the parcel at an area the would join the section of Old Middleline road for a short distance before traveling onto said lot Map 13 Lot 31 off of Tabor House Rd.

Thank you,

Betty Martin and Walter Wlodyka
