

## Tea Lane Nursery & Farms, Inc.

---

March 30, 2016

To Whom It May Concern:

Beginning this year on Arbor Day, April 29<sup>th</sup> 2016, Tea Lane Nursery would like to contribute a native and/or ornamental tree to our local community and environment. We believe that by doing so, we will demonstrate the importance of preserving our trees, and replenishing trees that contribute to the health of the earth and the beauty of our community.

Possible options for tree varieties would be:

- Acer Rubrum (Red Swamp Maple)
- Fagus Grandiflora (American Beech)
- Prunus x yedoensis (Ornamental Yoshino Cherry)

The above varieties would be approximately 2-2.5" Caliper.

We look forward to hearing your thoughts about this installation.

Sincerely,

David Hill

Tea Lane Nursery & Farms, Inc.
