August 12, 2016

Dear Warren Doty, Jim Malkin and William Rossi,

Thank you for allowing me to rent our town community center for Liz Koch's 3-day Psoas Workshop, September 16-18, 2016. Liz Koch wrote The Psoas Book 30 years ago and has never been to our Island before. As you know I bring people to the Island to offer work and courses we generally do not have available to the Island population (in October I have arranged for a Mayan Abdominal Massage course to be offered through ACE MV and bringing the instructor from Rockland County, NY). I am hoping Islanders will take advantage of this rare opportunity to improve their well-being.

I do not make any money from this offering and usually whomever I bring barely breaks even, but our Island is a draw. I hope you will consider reducing the fee from \$200 per day to \$200 for the 3 days. The space can be available for other use Friday morning or Sunday evening. I will be providing mats, blankets, and props for use. It would be wonderful if 20 people sign up, my previous experience has been in the range of 12-17 attendees.

Thank you for your consideration,

Valerie Sonnenthal
