TO: Chilmark Selectmen  
FR: Keith Emin Highway Superintendent  
RE: Middle Road Town Line Boundary- Sign  
DT: November, 10, 2016

Selectmen I am asking for your direction in replacing the Middle Road Town Line Boundary- Sign. I am working with West Tisbury Highway Superintendent Richard Olsen who will fund half of the expense to replace the stolen sign.

I have enclosed a photo of the North Road sign that we are thinking would be suitable style for the Middle Road boundary sign. The North Road post is concrete and painted white. For the Middle Road boundary we are planning on a 4x4 pressure treated post and painting it white to resemble the appearance of the North Road boundary sign. The proposed post will be set in concrete for stability and protection of the post material.

If this plan is agreeable to you we will work to get this completed this fall. If you have changes to make please let me know.

Thank you,  
Keith Emin
