The route the vans would be driven is from South Road in West Tisbury to Aquinnah using the State / South Road route and reversing the direction and only that route. Mr. Rossi asked if they would access Menemsha or the beaches. Mr. Teirnan confirmed; no they would not.

Tiny Houses – Marina Lent review of project:

Chairman Doty asked Ms. Lent to explain briefly (5 min) the plans presented at the Selectmen's last meeting that she was unable to attend. Ms. Lent said it would be better to title them as small houses rather than tiny. Ms. Lent said from the data collected from the housing needs study it showed 75% of households on Martha's Vineyard are 1 to 2 occupants and that small houses would be a good consideration. The small houses proposal would be a better way to utilize town owned land. Four one bedroom small houses on a resident home site (minimum of 1 acer) and would be a single well and septic proposal. Chairman Doty asked about public water source regulations. Ms. Lent said 15 hookups or 25 people using year-round water is when it is considered a public water source. Ms. Lent said this would not be a public water situation.

Mr. Rossi said his opinion is that 300 sq. ft. is too small; his recommendation would be up to 800 sq. ft. Chairman Doty recommended to Chilmark residents that the town owns three lots at Peaked Hill Pastures and decide if this is a plan to be considered. Discussion ensued. Mr. Rossi recommended a professional layout of the site; the infrastructure, electricity, septic, well, road access etc... to aid in presenting this concept. Chairman Doty recommended that the Planning Board have this concept on a meeting agenda. Chairman Doty asked Jennifer Christy (who is the administrative support for the Planning Board) to follow up this agenda item with chairman of the Planning Board Rich Osnos. Chairman Doty recommended that the next step would be to receive a proposal from the Housing Committee on where this concept could work.

Small Houses Continued...

Tim Carroll said that at the Housing Committee meeting that this concept was proposed, half of the committee voiced concerns of the houses being too small. Mr. Carroll said that he and Marina Lent have a meeting with the Martha's Vineyard Commission to speak with the planners about what is going on around the rest of the island. Mr. Carroll said Ann Wallace recommended reviewing the Housing Production Plans from the other island towns as she expects they are addressing similar concepts. Chairman Doty thanked Marina Lent for her work on this and her discussion tonight.

Public Records Law & Appointment of Record Access Officers:

Town Clerk Jennifer Christy presented information on the new Public Records Law that went into effect January 1, 2017 and the need to appoint Record Access Officers. Ms. Christy said Town Counsel Ron Rappaport came to the town hall and gave an overview of the new law. Ms. Christy is working with Ron Rappaport and Angela Puccini who is a staff attorney with the Public Records Division to come to Martha's Vineyard in March for a more in depth training on this new process. Ms. Christy presented a draft proposal of department heads being appointed as RAOs along with Town Clerk and Executive Secretary who would be Super RAOs. Discussion ensued.

Ms. Christy recommended that appointing the Town Clerk now to comply with the January 1, 2017 law having a 6 month trial and amending our structure if needed. Ms. Christy will have a better idea of what is necessary after the training in March. Executive Secretary Tim Carroll said he would like to go on record stating as her supervisor he believes she is overburdened with her work load as it is.

Immigration Petition:

Chairman Doty read the wording aloud for a petition submitted with certified signature for a warrant article for the April 24, 2017 Annual Town Meeting:

To see if the Town will vote to request the Selectmen to authorize law enforcement and all Town officials to refrain from using Town funds and/or resources to enforce federal immigration laws, in keeping with current practices, unless presented with a criminal warrant or other evidence of probable cause as required by the Fourth Amendment of the United States Constitution.

Chairman Doty asked for comments. Mr. Rossi said it seems contrary to what police work is. Mr. Rossi explained he understood the intent of this; not seeking out illegals for deportation. Police Chief Rich said this group presented this proposal to the Police Chief's meeting and a few concerns with this wording were voiced. Chief Rich said we can't enforce federal law, never have been able to, but if there is an ICE warrant we detain them and then the jail contacts the Federal Judge. Chief Rich said this group did not contact the District Attorney's Office for advice with wording that should have been done.

Chief Rich said years ago he was part of the Chief's association movement to distribute flyers in Portages urging to call the police if you are a victim of a crime and not to be concerned about documentation that they want to help you (the victim).

Chairman Doty said he believes it's very important to state we are not supporting deportation in our community.

Cape Light Compact (CLC)-Joint Powers Authority provision of Massachusetts General Laws:

Chairman Doty requested Tim Carroll to discuss the CLC agenda item saying Tim is our representative on the CLC Board of Directors. Mr. Carroll gave an outline of this proposal.

Human Resources Board (HRB):

The HRB sent the Selectmen a proposal to amend the HRB bylaw regarding the employee representative. The amendment proposed is: No employee with supervisory responsibilities of year-round employees may serve as an employee representative to the Human Resource Board.

This wording is a place holder for the Annual Town Meeting Warrant and will be re-assessed by the HRB for the precise wording. Discussion ensued. Bill Rossi said he would like this item to be tabled to the next Selectmen's meeting that Jim Malkin is present at as he advised the HRB on this proposal. Chairman Doty said we acknowledge receiving this Annual Town Meeting warrant article within the deadline but will continue discussion and possible wording revision.

The HRB has submitted a request to the Selectmen to approve spending additional funds of approximately \$4,000.00 and to enter a contract with the Collins Center to complete the Compensation Study. Bill Rossi said that the HRB has had some setbacks in completing the independent compensation study that began in 2015. Mr. Rossi said he believes the study is complete but what the HRB is seeking from this organization is to do what is necessary to come up with recommendations to the HRB and Selectmen. Mr. Rossi asked Jennifer Christy to confirm if this was a correct description of the situation. Ms. Christy (as Administrative Assistant to the HRB) presented the process to date.

After reviewing documents and discussions; the contract with Collins Center would be summarizing the study already completed by the other entities and submitting suggestions for Chilmark to act on concerning positions that are under and over payed. Mr. Rossi said it would be good to have a summary to act on. Chairman Doty said he is reluctant to approve entering into another contract for another study, this has been a mess. Mr. Rossi said Mr. Malkin was in support of this request from the HRB (Mr. Malkin is the Selectmen liaison to the HRB). Mr. Rossi said the recommendation summary is what we still need to complete this project. Mr. Rossi moved to approve this request to enter into contract with the Collins Center. Chairman Doty seconded the motion. **SO VOTED: 2 Ayes, 1 not present**

Mr. Rossi agreed that there is a definite improvement. Chairman Doty moved to transfer \$10,000 out of truck rental (within the highway budget) to part time labor budget line. Mr. Rossi seconded the motion. **SO VOTED: 2 Ayes, 1 not present**

Mr. Carroll said that Ms. Biskis (Town Accountant) and Mr. Emin are getting together to assess the figures needed for a warrant at Annual Town Meeting to cover Temporary Labor budget line. Mr. Carroll thought it would be around \$12,000.00. Mr. Carroll said he was not sure if the transfer approved tonight covered a portion of this need.

At 7:18 PM with no further items for discussion Mr. Rossi moved to adjourn.
